AxisSphere
SOCIETY MANAGEMENT, REIMAGINED

Marketing Edition 2026
For committees, residents & partners

The future of community living in India

Give your society *peace of mind.*

Behind every housing society is a volunteer committee giving their evenings and weekends to billing calls, gate disputes, and endless WhatsApp messages. AxisSphere exists so they can **lead with clarity** — and residents can **live with trust**.

OUR PROMISE TO YOU

We don't sell software features. We give back **time, transparency, and dignity** to the people who run India's communities — secretaries who miss family dinners, treasurers chasing dues, and residents who deserve answers, not excuses.

RWA Committees

Less paperwork. Faster collections. Happier residents.

Estate Managers

Gate, billing, vendors & security — one control room.

Property Partners

Onboard & support multiple societies at scale.

Hours

Back every week

Committees spend less time on registers and follow-up calls

100%

Recorded & traceable

Visitors, payments, and complaints — nothing gets lost

14 days

Risk-free trial

Experience the full platform before you commit

WHY SOCIETIES ARE SWITCHING

A better day for everyone who lives there.

AxisSphere changes how a society *feels* — not just how it administers. When operations run smoothly, committees gain **respect**, residents gain **confidence**, and property values are protected.

LIFE WITHOUT AXISSPHERE

- × Secretary's phone rings all evening for maintenance reminders
- × Visitor register pages torn, entries impossible to verify
- × Complaints buried in 200-member WhatsApp groups
- × AGM preparation takes weeks of manual Excel work
- × Residents question where their money went
- × New committee inherits zero history every year

LIFE WITH AXISSPHERE

- ✓ Bills go out automatically; payments tracked in real time
- ✓ Every guest logged digitally — searchable in seconds
- ✓ Each complaint has an owner, status, and resolution date
- ✓ Reports ready for committee meetings in one click
- ✓ Residents see a professional, accountable management
- ✓ Years of society data preserved and accessible

"We joined the committee to serve our neighbours — not to become full-time accountants. AxisSphere gave us our evenings back."

— Managing Committee Member, 400-flat society, Western India

For Residents

Clear notices, fair billing, faster complaint resolution, and a society that feels professionally managed — the kind of community people are proud to invite guests to.

→ Higher trust · Better living experience

For Committee Members

One dashboard instead of ten notebooks. Delegate work to treasurers and staff with controlled access. Walk into every meeting with facts, not guesses.

→ Less stress · More credibility

For Security Teams

Structured visitor logs, guard roster management, and vehicle records — so gate staff do their job with clarity, not confusion.

→ Safer society · Clear accountability

For Property Value

Well-run societies attract better tenants, fewer disputes, and stronger resale confidence. Digital operations signal a forward-thinking community.

→ Protected investment · Premium perception

ONE PLATFORM · EVERYTHING INCLUDED

Maintenance Billing · Visitor Logs · Complaints · Notices · Member Records · Guard Management · Vehicle Registry · Online Payments · Reports & Exports · Staff Permissions

DESIGNED FOR REAL PEOPLE, NOT IT EXPERTS

From signup to smooth operations in one week.

We have removed every unnecessary step. Your society can be **live before your next committee meeting** — with our team guiding you at every stage.

1

Discover — Book a 20-minute conversation

We learn your society size, current pain points, and goals. You see AxisSphere live — tailored to your layout, not a generic demo.

DAY 1 · NO OBLIGATION

2

Setup — We help you configure everything

Add flats, invite your secretary and treasurer, upload documents. Our onboarding checklist ensures nothing is missed.

DAYS 2–3 · GUIDED SUPPORT

3

Trial — Run your society digitally for 14 days

Generate bills, log visitors, post notices. Experience the difference with zero payment risk — full features unlocked.

DAYS 4–17 · FREE TRIAL

4

Thrive — Go live and grow with confidence

Activate your plan, enable online collections, and announce to residents that your society has entered the digital age.

DAY 18+ · FULL PARTNERSHIP

16+	14	24/7
Modules in one platform	Day free trial	Cloud access anywhere

"Our residents noticed the difference within weeks — cleaner records, faster responses, and a committee that finally looks organised."

— Treasurer, mid-size cooperative housing society

Built on trust. Designed for India.

- **Bank-grade secure login**
  Mobile OTP for every admin — your society's data stays yours alone.
- **Works everywhere**
  Phone, tablet, or office computer — no complicated installation.
- **Razorpay payments**
  Residents pay maintenance the same way they shop online — familiar and safe.
- **Human support**
  Real people answer your calls during onboarding and beyond.

VALUE, NOT JUST PRICE

Less than the cost of one dispute.

One billing dispute or security incident can cost far more than software. AxisSphere is an **investment in peaceful community life** — **transparent plans**, no hidden fees, cancel if we don't earn your trust.
